## YU-GI-OH! EXTREME FORCE SPECIAL EDITION

LATIN AMERICAN DISTRIBUTOR FACT SHEET  
ITEM ORDER NUMBER: 83615

Not only does the *Extreme Force Special Edition* include three packs of *Extreme Force*, but also 1 of 2 Super Rare variants of sought after tournament level cards as well as 1 of 2 Super Rare preview cards from the Spring 2018 booster set! *Extreme Force* features a number of powerful cards that Duelists can add to any Deck, as well as brand new strategies and individual cards to bolster old favorites, like Noble Knights.

For Duelists who were late to the party incorporating Link Monsters into their Extra Deck, this set has several powerful new Link Monsters to help them catch up, including a LINK-4 monster that gains extra effects depending on the number of monsters used to Link Summon it. Duelists who use the maximum of 4 different monsters will receive the ultimate hand-sculpting power to draw 4 cards and then return any 3 cards from their hand to the bottom of the Deck.

*Extreme Force* also introduces two new original strategies: one that preys on predictability and one that shatters preconceived notions about Pendulum Monsters!

Knights of living metal that enforce the law of the machine planet! They can be Special Summoned into any column that already has 2 or more cards in it. These monsters and the brand new "World Legacy" cards in *Extreme Force* combine to entrap your opponent by shrinking the number of zones they can successfully play their cards in. Add in standout Trap Cards **Fuse Line** and **Broken Line** from *Circuit Break* and you can gain absolute mastery over the field!

Inspired by **Mythical Beast Cerberus**, a favorite of Duelists in real life and in Yu-Gi-Oh! Duel Links, brand new mythical beasts emerge from the mists of time! Just like the original **Mythical Beast Cerberus**, these monsters gain Spell Counters when Spells are played that you can use to fuel their incredible monster effects, but that's not all! This time, each Mythical Beast is a Pendulum Monster with its own Pendulum effect, so your cards are monsters when you need to Summon and Spells when you don't!

Additionally, *Extreme Force* introduces the Deck of extradimensional terrors played by Akira Zaizen in *Yu-Gi-Oh! VRAINS* in addition to adding more Cyberse monsters to pair with the *Structure Deck: Cyberse Link* as well as Altergeists and Rokket monsters to go with the strategies that were introduced in *Circuit Break*. You can watch each episode of the latest Yu-Gi-Oh! series soon after it finishes airing in Japan on <http://www.crunchyroll.com/> (Simulcast currently available in the US and Latin America).

Each *Extreme Force Special Edition* contains: 3 *Extreme Force* booster packs, 1 of 2 Super Rare variants of sought after tournament level cards and 1 of 2 Super Rare preview cards from the Spring 2018 booster set.
